

# TAG 42 INFLATABLE TENT

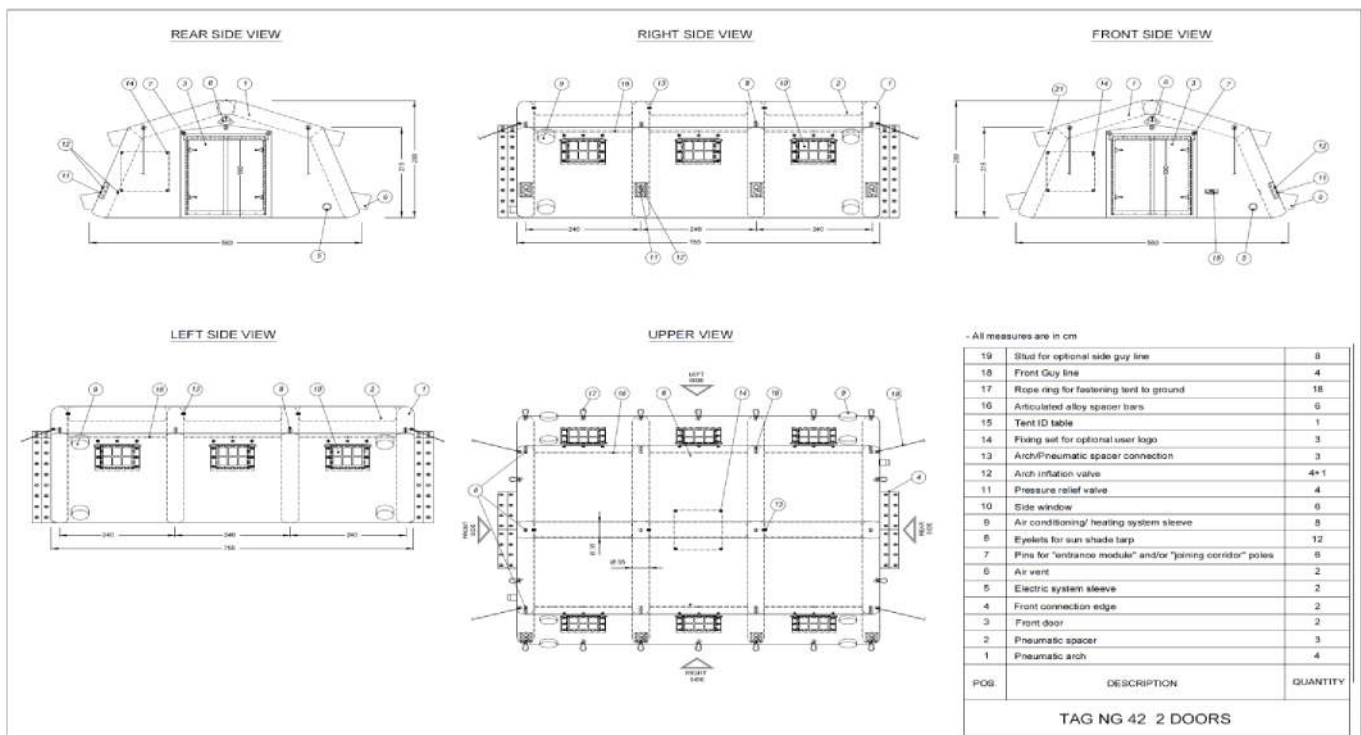

Rev.0 - 03/05/19 - We reserve the right to change specifications of products without prior notice.

## PRODUCT OVERVIEW

Manufactured with PVC-coated polyester fabric, our TAG Inflatable Tents comprise a roof cover and a ground sheet that are high-frequency (HF) welded together to form a fully water-proof tent. The outer cover is supported by a pneumatic frame composed of various inflatable arches, the number of which varies according to tent size. Used in combination with an electric inflator, our TAG tents also include a door on either gable end and can easily be to one another in various configurations.

Our TAG 42 tent includes the following:

- 1 pneumatic frame with 4 arches (4A)
- 2 gable doors (2D)
- 6 lateral PVC windows with in-built mosquito net and black-out curtain
- 6 metal purlins
- 2 electric cable sleeves
- 8 air conditioning sleeves
- 22 pegs
- 8 guy ropes
- 3 logo connection panels (1 x 1 m)
- 1 repair kit
- 1 transport bag
